### **Samuel Adams "sacrifices"**

*"Contemplate the mangled bodies of your countrymen, and then say, 'What should be the reward of such sacrifices?'" --Samuel Adams*

While the political and social climate in America have been in upheaval from those who still have not gotten over the fact that Hillary lost the election, there are problems other than array of divisive politics that are going on right now. That problem is that Islamic Jihad has not gone away. In fact under Obama and his eight years of rule we saw an unprecedented amount of people coming into this nation. Further, many of them were Muslims who we know nothing about. Howbeit, there were many others as well, of these we also know little about them. We saw a number of attacks in this nation from Muslims that took many American lives. Yet for all intents and purposes the Democrats and Republicans all choose not to understand the battle and danger of Islamic terror.

To ignore it is foolish and to do nothing is inviting trouble. A staunch warning is given by a Russian Archbishop. Vsevolod Chaplin was born March 31<sup>st</sup>, 1968 and was immediately introduced to agnosticism. His Father was a Professor and an agnostic. Yet Vsevolod went to school and in time ended up in the Moscow Theological Seminary. He was ordained to Priesthood in 1994. A Russian Celibate Priest of the Russian Orthodox Church he gives a warning to the west especially.

## **USA Islamic Jihad: Fighting Terrorism**

**"Any fight against terrorism is moral; we can even call it a holy fight." [Archbishop Vsevolod Chaplin](#); head of the Synodal Department for Church and Society Relations,**

In examining the role of Russia in Syria and elsewhere, the point of how Russia came to the aid of Christians globally; starting in Syria. While the Middle East politics of America have failed, in Iraq and Afghanistan; we also see that America's role in Libya and in Syria have been a disaster. Under Obama,

the actual role of America was limited while the biggest of jihads were going on killing thousands and thousands of Christians, Yazidis, and other minorities. When Russia went into Syria, the role with Assad was able to stop the push of Isis. In fact, Putin became the Caesar and Roman protector to countless Christians who had lost everything, including sacred sites and churches. However; Christians in Iraq and Syria lost land that they had been on for decade. But as Iben Thranholm, one of the most read of Danish Columnists write in an Article featured on R/T; we see clearly that America caused some problems.

**Not only has the USA, supposedly ‘God’s Own Country’, created hell on earth for Christians all over the Middle East and then turned a blind eye to beheadings, rape of children and unspeakable atrocities. America appears to be deaf, dumb and blind to the problem, and that is obviously bad enough. But in addition to this, Western foreign policy has failed miserably. Russia, a game changer for global Christianity; [R/T International](#)**

## USA Islamic Jihad: American Jihadi Face

But the problem for America is not yet over. As we have real, live, Islamic terrorists in America; to put it bluntly, Islamic Jihadists.

The Clarion Project writes on just who the average American that is willing to fight for ISIS is. Clarion cites the Australian Strategic Policy Institute which did a study titled, “The American Face of ISIS”. In it we find out that American Inductees into ISIS fighting machine were 83% US citizens with 65% of these born in the US. WOW, for all intents and purposes these guys should be true blood Americans, but they are not. Further, 83% of these men were brought on board by ISIS propaganda through the internet, video, execution videos, and lectures by terrorist leaders. What also makes these figures staggering is that 30% are converts to Islam; this includes 43% of these being US born inductees.

**We find out that “The average age is 27 years, ranging from a low of 17 to a high of 52” ...[Clarion project graphic](#)**

64% of these average Americans fighting with ISIS had completed some college or more. Only half of these were single and had never married. 14% had confirmed mental illness while 13% had previously been convicted of violent crime. [Clarion Project](#), Share this information

The above reveals startling facts. But one thing for sure, we have known for many years of Islam in the Prisons in the USA. Being led by radical clerics, Islam took root in prisons and converted many inmates. While Christianity languished, Islam took root. We see from the above statistics that of those American Jihadists, 13% were previously inmates and/or convicted felons.

## **USA Islamic Jihad: American Foreign Policy**

The policies of America in the Middle East and the current anti-Russian push by John McCain and others are a pinprick in the destruction of modern western society. Unless we can all, America and Russia; along with the UK and other “originally and predominately Christianized nations” find a way to work together against violent jihadists then our societies will be defeated. Both by the open door policies who have welcomed in Muslims and by the Jihadists outside the nation; many of whom are already in place in America. Then add in the anti-American systems of Islam like Iran who view us as the enemy, you can understand that the danger is paramount. We then also add in another concern, that of close ally Israel, who has fought Muslim jihadists for years who deny that the Jewish nation has a right to exist.

## **Patrick Henry “Public Liberty”**

*"Guard with jealous attention the public liberty. Suspect everyone who approaches that jewel. Unfortunately, nothing will preserve it but downright force. Whenever you give up that force, you are inevitably ruined." --Patrick Henry*

## **USA Islamic Jihad: The Mix in America**

Today we have Donald Trump in place and his policies to protect America are being criticized by Muslims, Democrats, Republicans, and many others who have fundamental axes to grind with the administration's policies. But the effort for America to exist and to fight successfully is at odds with the policies of the past Obama administration that pushed Muslim pro-refugee and immigrant policies among many other things. If we can agree on the threat, then we can then find a way to successfully survive intact. If we can also work with Russia and other nations against the threat of Islamic Jihadists who want worldwide global Islam, then we can win.

But the pessimism is obvious here. We are a nation, along with those in the E.U., and the UK; all of which deny the threat of Islam to modern western civilization. While many Muslims become citizens and welcome in the system and the freedoms of modern western nations like ours; many times we find others who are Muslim do not. This is the threat.

## **USA Islamic Jihad: Trumps Military Men Appointees**

Trump, though has put into the system of American governance, three Military men with proven records. These men are:

## James Mattis

He is the 26<sup>th</sup> and current Secretary of Defense for the United States.

He is a retired United States Marine Corps general. He previously served as the 11th Commander of United States Central Command, the Unified Combatant Command responsible for American military operations in the Middle East, Northeast Africa, and Central Asia, from August 11, 2010, to March 22, 2013.

## John F. Kelly

John F. Kelly who is the fifth and current Secretary of Homeland Security.

He is a retired United States Marine Corps general and the former commander of United States Southern Command, the Unified Combatant Command responsible for American military operations in Central America, South America and the Caribbean. Kelly previously served as the commanding general of the Multi-National Force—West in Iraq from February 2008 to February 2009, and as the commander of Marine Forces Reserve and Marine Forces North in October 2009.

## H.R. McMaster

H. R. McMaster who is the National Security Advisor.

His current military assignment is Director of the Army Capabilities Integration Center, and Deputy Commanding General, Futures, U.S. Army Training and Doctrine Command.

Now while we need more than just military men to oversee both the protection and integration of security in our nation, we also need the Lord's protection. But in America, make no mistake; this nation has gone missing when it comes to Christianity and the true faith. We have drifted far and have had eight years of lawlessness and liberal policies, of which we have seen anti-Christian policies out of the Obama administration. So the truth here is, solid believing Christians need to pray for those in authority and to pray protection over their own family and loved ones.

But you can be sure that Trump and those he has appointed have more guts and fortitude to protect America than the previous guard of pro-Islam, never say Islamic Jihad appointees that Obama pushed down the American public's throat. America has been in denial to the real threat of Islamic Jihadi threat for many years.

In addition; to have three top military men in security posts may frighten the left along with those who think America is targeting minorities; but if you are not doing anything wrong, then you have nothing to worry about. These men will have to derail pro-Islamic Jihadists and their schemes in America. But they will also have to work with other nations to stop the Jihadi threats elsewhere.

## **USA Islamic Jihad: Embedded in America's System**

Within our Shores are "fierce Islamic Jihadists", you can believe this! The problem with Obama and his minions is that they never really believed it was an Islamic problem. It was just a number of misinformed, misguided Muslims who perverted Islam itself. Taken out of historical context, Obama led America as did other American leaders like Bush. They were first ready to declare it was not Islam that the system itself was peaceable and not at war with the nations. But this is a historical lie. The Christian

and Islamic's fought a crusade already. That was Christian crusaders who fought Islam as it intended to take over and destroy the infidel.

We have been fighting the historical and religious nature of Islamic jihad for years now. It is that system, a political religious system which has been warring in Iraq, Syria, and Libya by the hands of ISIS. Then we find other groups also fighting like Boko Haram, Al-shabbab, Al-Qaeda, and the Taliban just to name a few. There are many others and these won't give up anytime soon.

In America the fight is on and today many are averse to naming that Muslims are involved in jihad. The truth is the battles we have fought and the ongoing Christian persecution is done for the most part by Muslims against Christians. Yes, there are others as I have previously covered in other articles. But in Indonesia, Syria, Iran, Iraq, Pakistan, Saudi Arabia, Egypt, Sinai, Libya, Kenya, Nigeria, and many other areas of the world we find Christians being oppressed, persecuted, put in jail, beheaded, killed, their daughters or wives raped, and more. Many times we find Christian persecution rife in Muslim countries. There are times and events when the persecution is carried out by Jihadists in those nations. But we also track the facts that in general Muslims in other nations do persecute Christians and view them as fodder, minorities who do not count. This is evident by the persecution and news that flows out of these nations. Simply put, if you're a Christian in a Muslim nation you will face some sort of persecution or discrimination.

There is a video by the Clarion project that we have had on our site. They have been doing short intro's of the main movie, called the Third Jihad. In episode eight called Honor killings we find a short video that reveals the honor killing of women at hands of families of Islam.

[The Third Jihad, Clarion Project episode 8](#) uncovers the tragic world of radical Islam and honor violence. Men and Women abusing and murdering their children for the sake of the family's honor. In this short clip we find this is happening in America.

The system in place in America is much like Europe's push to welcome in refugees, many which are young, male, and Muslim. Under Obama we have seen the socialist and global agenda to welcome in the immigrants as they are called. But Obama's methods were illegal and immoral. Now while America is made up of Immigrants, I can tell you; my forefathers and mothers came here legally as did many, many others. That is until the modern era and until Barack Obama arrived on the scene. It was his lawless reign that has pushed views of Islam that were fundamentally charged with pro-Muslim priorities. But Obama managed to bring to his side almost all of the politically charged left, which were political groups, political hacks, Hollywood elites, and many others.

The problem is not and never has been immigrants. The problem is coming into this nation legally. Then once in, becoming a true American and living with our nation as an American.

## **USA Islamic Jihad: The imminent danger**

1. Living in America are Muslims that are intent on fighting this nation for control in order to bring in a Muslim America and one that is ruled by Sharia law.

2. These American Jihadists train in America and are getting ready to attack the many soft targets we have.
3. I believe that the number one soft target they will attack is the same ones that ISIS and other Islamic groups attack around the world; that is the churches.
4. These Jihadists also will attack Christians at home, Christian groups, and other Christian activities.
5. These Jihadists won't stop there as they will also look to attack other soft targets like: Bus stations, Railroad stations, Power plants, shopping malls, oil pipelines, dams, and other things that we have in this nation.
6. This article is not just an article on the USA Islamic Jihad threat; it is a statement that we in this nation will face terror of an unprecedented nature in the future.
7. It is imperative that we take care of the loose borders, loose security, and understand the threat.

Our enemy is not the peace loving Muslim, but the Jihadists. **But in general, we also find that many Islamic nations also routinely persecute Christians and limit their ability and religious freedoms.** But make no mistake here, we also find anti-Christian behavior and persecution from Hindu's in India and elsewhere.

*In short we find the ongoing worldwide persecution of Christians is one that has shed more Christian blood in recent times than at any time in history!*

**Extremist Muslims' understanding of freedom is a one-way street: Freedoms, such as religious rights, are "good" and must be defended if they are intended for Muslims -- often where Muslims are in minority. But they can simply be ignored if they are intended for non-Muslims -- often in lands where Muslims make up the majority. Gatestone Institute; [Extremist Muslims' One-Way Street](#)**

*This is not mere supposition, it is fact. One reported by many agencies that monitor such things: Gatestone Institute, Clarion project, International Christian concern, and many others.*

**The bodies of two Coptic Christian men were found behind a school in El-Arish, Egypt. Saad Hakim Hanna, 65 years old, was shot in the head, while his son, Medhat, 45 years old, seems to have been burned alive.**

**This brutal attack comes only days after an Islamic State affiliate in the Sinai Peninsula promised to eliminate the Christian minority, claiming that Egyptian Christians were the extremist group's "favorite prey." [International Christian Concern](#); Christians in Egypt's Sinai Murdered by Masked men in series of Attacks**

**From the Clarion Project, the Death of women's rights illustrates how at odds Islam, Sharia law, and those who follow it are at odds with all that is moral and decent.**

**In the world of sharia law, Islamists see women as second-class citizens. Their testimony in court is worth half of that of a man. Horrifically, a woman can be executed for adultery even if**

**she is raped. Islamists encourage beatings and abuse of women as a form of misogynistic control. [Clarion Project](#)**

## **USA Islamic Jihad: Conclusion**

Now while there are many voices that are shocked over Donald Trump's push to control entry into the USA, there is a need to do more than what has been done by Obama's administration. Today we have solid military men appointed by Donald Trump who when called upon work effectively to protect America and her interests. You have a much better chance of survival with Donald Trump and true Americans in security positions who understand the threat of Islamic jihad. You have a better chance of survival as well with a President who is pro-Israel and will stand with her against all her enemies. The heel of America is no longer up and against Israel anymore.

There is also need to refresh relations with Russia, to back Israel as we should have been doing, and to make sure our foreign policies are reworked so as not to continue the horrid American foreign policies.

For many, many years; even when we were in Afghanistan and in Iraq I noted both on our Radio shows and through articles on our websites that many Christians were the losers in our war to free these nations. It is true that the aftermath of our policies in these nations alone cost Christians dearly!

The winners were the Islamic Jihadists who moved in to continue what our wars began.

You have the choice to continue in the ignorance and pro Islam stance of the Obama administration and understand the threats to America and to the world or die. The death has already come in part to systems of governance in Denmark, Sweden, Germany, France, and in the UK among others who have avoided the truth of what unbridled immigration of Muslims will do to a democratic nation. In short the E.U. and the UK could easily fall into full blown war and into sharia law if they don't wake up. What is more, in Canada, Australia, and in America the threats are already there and those who want to take over already are readying for a fight to take over the systems to create a Muslim nation and a Sharia law within those boundaries.

Now this article is aimed at the survival of America through tight security means and awareness of threats. It is not intended to be an all-encompassing thesis on all threats or on Christianity or against Islam.

This article considers those who read it are Christians, saved, born again, and in truth follow the Lord Jesus Christ. It is also not intended to be a thesis on how Christians are to fight or not to fight. It is not intended in any way to represent the remnant believers and our ongoing teachings as to the end of day remnant believers.

Simply put, there is a threat, it is Islamic jihad and this threat is in the USA right now! That Islamic threat will attack here in America the same way they do overseas.

## **Endtime Christian Scriptures**
